Freight Forwarding Solutions

We provide solutions with **flexible transport modes** and **customs clearance expertise** to best meet your **international and domestic shipment needs**.

Ocean Freight

- FCL, LCL, non-containerized, breakbulk, RORO
- Special handling for temperature sensitive and project cargo
- Long term relationship with international and domestic carriers to ensure timely schedule with competitive rates

Air Freight

- Fast and reliable airfreight brokerage/co-loading service

Customs House Brokerage Expertise

- Export/import clearance of various cargo types
- Temporary export/import handling, re-export/re-import handling
- Trade and customs advisory services

Transportation Solutions

Utilizing our own **assets** and **partner network**, we can provide **flexible multimodal transport solutions** using **ocean, air, land, and rail**. We have expertise in transporting to **remote areas** in Indonesia.

Scope of Services:

- Coverage throughout Indonesia
- FCL, LCL, refrigerated, flatbed solutions
- Diverse equipment for any kind of shipment

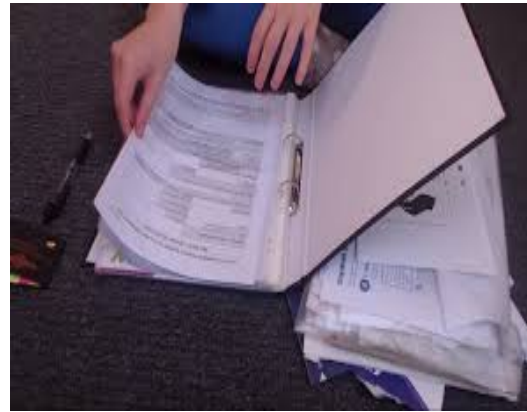

Expertise:

- Dangerous cargo
- Reefer cargo
- Containerized
- Project
- Breakbulk
- Heavy Machinery

Value Added Service Solutions

We provide customized solutions for our customers to improve their operations and add value to their supply chain.

Value-added services include:

- Temperature monitoring for sensitive reefer cargo
- Product Rework
- Light Assembly
- Kitting
- Co-packing
- Inspection
- Sorting
- Labelling
- Implant expertise / man-power

Warehousing & Distribution Solutions

We provide a comprehensive range of **warehousing** and **fulfillment solutions**. We prioritize **flexibility**, **technology**, and **strategic warehouse locations** to boost our customer's **productivity**.

Scope of Services:

- Dedicated or multi-share warehouse facilities across Indonesia
- Warehouse management system to ensure full visibility of inventory and shipment status
- Warehouse site consultancy for optimal geographic placement of facilities to ensure cost-efficient distribution to end-consumers
- Value added services such as implant man-power and control tower

Industry Expertise:

- E-Commerce
- Automotive

Our Culture

Our core values of **sustainability**, **integrity**, and **professionalism**, guide the way we do our business today and for tomorrow.

Quality Management is our Top Priority

Our team is committed to ensure **QHSE** is at the forefront of all our activities to protect all stakeholders, ensure a safe workplace, and compliance with regulations.

Quality

Quality is an integral part of HSP's service commitment.

Health

A healthy workforce is a productive workforce; it is vital for our teamwork and quality assurance.

Safety

Safety is non-negotiable. We are committed to a safe working environment on the field and offices. Our team ensures proactive risk mitigation training.

Security

Our security practices run through all aspect of our business, making sure contingency plans are ready at any given moment.

Environment

We proactively reduce our environmental impact through fuel efficiency and waste management.

Our Partners

We have long-term partnerships with our partners, who include leading foreign and domestic cargo owners and principals.
